CONFERENCE ON INNOVATIONS IN SCIENCE & TECHNOLOGY 2026

(CIST - 2026)

*Theme: Automation and Artificial Intelligence in
Industry and Infrastructures*

30th April, 1 - 2 May, 2026

Organized By

INSTITUTE OF TECHNOLOGY & MANAGEMENT

AL – 1, Sector – 7, GIDA,
Gorakhpur – 273029 (U.P.)

In association with

The Institution of Engineers (India)

Under the aegis of

**INTERDISCIPLINARY ENGINEERING
DIVISION BOARD**

ABOUT THE INSTITUTE

The Institute of Technology & Management, GIDA, Gorakhpur, established in year 2001, approved by AICTE, New Delhi & Pharmacy Council of India, New Delhi affiliated to Dr. A. P. J. Abdul Kalam Technical University, Lucknow & Board of Technical Education, U.P., offers B. Tech (NBA Accredited Department of Computer Science & Engineering), MBA, D. Pharma, B. Pharma, M. Pharma, Diploma in Engineering, BBA, BCA, BA LLB, B. Voc. BFSI (Banking Finance Services & Insurance) courses

ABOUT INSTITUTION OF ENGINEERS

The Institution of Engineers (India) is the largest multidisciplinary professional body that encompasses 15 engineering disciplines and has 0.8 million members. Established in 1920, it has served the engineering fraternity for over a century and is recognized as a Scientific and Research Organization by the Government of India. It provides technical, professional, and support services to the government, industries, academia and the Engineering fraternity

ABOUT THE CONFERENCE

The "Conference on Innovations in Science and Technology" will serve as a dynamic platform where pioneering ideas converge to shape the future of scientific advancement. With a focus on fostering collaboration and showcasing breakthroughs, this event will bring together leading researchers, scholars, and industry experts from all over India. The overarching theme revolves around harnessing innovation to address pressing challenges across various domains, from healthcare and biotechnology to artificial intelligence and renewable energy.

Attendees can expect a rich tapestry of discussions, presentations, and workshops exploring cutting-edge research, emerging technologies, and their real-world applications. Through interdisciplinary exchanges and networking opportunities, participants gain insights into the latest trends, forge valuable partnerships, and inspire novel solutions to complex problems.

PUBLICATION

The technical volume of the conference will be published incorporating all accepted papers, and write-ups on the subject for general appreciation, and made available to the registered participants. The accepted papers shall be considered for publication in journals (Scopus indexed) as well as in a conference proceeding with ISBN.

CALL FOR PAPERS

All accepted full-length papers will be published after the peer-review process (as the policy of conference and Journals) in Conference proceedings or Scopus indexed Journals. The format of the manuscript should be strictly according to IEEE format (double column). Authors are being invited to submit their original research papers previously unpublished, not currently under review by another conference or journal. All submissions will be subjected to at least two blind reviews. Acceptance will be based entirely on quality, relevance, and

originality. Only abstracts can also be submitted in case publication is not required.

THEME: Automation and Artificial Intelligence in Industry and Infrastructures

CIST-2026 is focusing on high quality research paper in following major disciplines but not limited

Track 1: Integrating IoT, Edge Computing, Data Analytics and Energy Efficiency for Computing Sustainable Smart Systems:

Small Language Models (SLMs) & Edge AI, Neuro-Symbolic AI, Agentic AI & Autonomous Workflows, Explainable & Responsible AI (XAI), Succinct & Cache-Oblivious Data Structures, Quantum-Classical Hybrid Algorithms, Algorithmic Fairness & Bias Auditing, Post-Quantum Cryptography (PQC), Zero-Trust Architectures & Secure Access Service Edge (SASE): , 6G & Terahertz Communication, Cyber-Physical System (CPS) Security.

Track 2: Sustainable Development in Design, Construction & Technology:

Digital Twins & 6D BIM, Digital Twins & 6D BIM, Next-Gen Sustainable Materials, Biochar-Infused Concrete, Self-Healing Materials, Resilience & Climate Adaptation, AI in Structural Health Monitoring (SHM), Circular Construction, Industry 5.0 & Human-Robot Collaboration, AI-Driven Predictive Maintenance, Smart Vehicles & Electric Mobility, Sustainable & Green Engineering, Green Hydrogen, Next-Gen. Manufacturing, Acoustic & Vibration Design, Edge AI & TinyML, Beyond 5G & 6G Hardware, Neuromorphic Computing, Next-Gen Semiconductors (2nm & Beyond), Flexible & Bio-Integrated Electronics, Energy Harvesting & Self-Powered IoT.

Track 3: Business Transformation & Digital Economy:

Human Intelligence over Human Resources, Human-AI Collaboration & Workforce Augmentation, Fluid Workforce Ecosystems, Generative AI as an HR "Co-Pilot", Employee Well-being 3.0, Sustainable Finance & ESG Analytics, AI-Driven Financial Decision-Making, The Rise of Decision Intelligence, Blockchain & Digital Currencies, Hyper-Personalisation in Industry 5.0, Neuromarketing & Cognitive Analytics, The "Creator Economy" & Influencer Marketing, Ethical & Responsible AI Usage, Resilient Supply Chains for Industry 5.0, Circular Supply Chain Models, Humanitarian Logistics.

Track 4: Recent Trends in Pharmacy Practices & Drug Development:

Generative AI for De Novo Drug Design Digital Twins in Pharmacokinetics, AI-Driven Pharmacovigilance, Point-of-Care 3D Medicine Printing, Continuous Manufacturing (CM), Nanobots for Targeted Drug Delivery, Pharmacogenomics-Led Dosing, Microbiome-Targeted Therapeutics, Telepharmacy and Remote Patient Monitoring (RPM), The "Green Pharmacy" Mandate, Regulatory Science 4.0.

IMPORTANT DATES

Full length paper	12 th April, 2026
submission deadline	
Notification of acceptance	18 th April, 2026
of full length paper	
Start of Registration	24 th April, 2026
Last Date of Registration	28 th April, 2026
Conference Date	30 th April, 1 - 2 May, 2026
